

HAIG'S TROOPS TAKE 10,000 PRISONERS

HINDENBURG OUTPOST LINE SEIZED; CAPTURE MORE THAN 60 BIG GUNS

LONDON, Sept. 19.—The prisoners taken by the British in the operation begun Wednesday northwest of St. Quentin now exceed 10,000, according to Field Marshal Haig's report tonight. More than sixty big guns were taken.

Most of the fighting today was around Gouzeaucourt and to the east of Epehy. The text of the statement reads: "Further reports confirm the heavy nature of the counter-attack which the enemy delivered yesterday afternoon north of Trescault and the severity of the losses inflicted on his divisions including the sixth Brandenburg division. Fighting has taken place today in the sector east of Epehy and also in the neighborhood of Gouzeaucourt, where we gained ground north of Gouche wood.

"On the remainder of the battle front only local engagements are reported. We captured a few prisoners today in local fighting south of Auchy-lez-LaBasse and improved our positions slightly west of Wyttschaete.

"Hostile raiding parties were repulsed east of Neuve Chapelle and north of the Ypres-Comines canal.

"The prisoners taken by us in the operations begun yesterday northwest of St. Quentin exceed 10,000. We also captured over sixty guns.

"Yesterday the enemy aircraft activity was slight. Four hostile planes were brought down and three others were driven down out of control. Four of our machines are missing.

"Our airplanes kept in touch with the advancing troops and assisted in the attack by bombing and with machine gun fire as well as by reporting many targets to the artillery. During the twenty-four hours sixteen tons of bombs were dropped."

Germans Continue to Nurse Grievances

With the British Army in France, Sept. 19.—By the Associated Press.—Despite the serious menace which the British established yesterday over the Hindenburg line by their capture of ridges northwest of St. Quentin, the Germans this morning continued to nurse their grievances without renewing on a large scale their costly counter-attacks of last evening. Fighting still proceeded particularly on the extreme flanks of the battle front where the British were cleaning out strong points and straightening their line, but the initiative remained entirely with them.

That the situation created by the British seizure of the long Hindenburg outpost line and the dominating heights in front of it could not remain stationary for long seemed a foregone conclusion. Whether the enemy could essay further heavy counter-attacks depended entirely on the badly drained resources at his command for the next move undoubtedly belonged to the Germans since they must push the British back or continue to live with the naked sword hanging over them in this vital sector.

Enemy Losses Extremely Heavy

The enemy losses yesterday were extremely heavy both in the early fighting and in the numerous counter-attacks which were thrown in toward night, in a desperate attempt to regain part of the lost ground. The whole zone of the long battle front today was strewn with dead in the field gray uniforms and more than 8,000 prisoners were in the British cages. The entire British operation has grown into a brilliant and important success which was not forecast in the original limited plans. Not the least important feature of the victory was the slaughter inflicted on the enemy forces, particularly during their frenzied counter-attacks, when they were mowed down like wheat with the machine guns, or swallowed up in a maelstrom of crashing shells from the British barrage.

There were few spectacular incidents in yesterday's fighting altho the operation as a whole was spectacular enough when one considers that these gallant English and Australian veterans had in many places to fight their way up three lines of ridges with valleys intervening, working forward doggedly over slimy ground in the face of a vicious machine gun and rifle fire from a myriad of strongholds and from numerous villages and hamlets which had to be surrounded and crushed into submission.

British Fighting About Holnon
On the right flank there was especially bitter fighting about Holnon village. The British had captured part of this place the day before, but the Germans still held a section of it with machine guns trained from every house. These had to be cleared out and this had to be done systematically by small parties who dared the hostile fire and bombed the Huns out of their hiding places.

A far more serious engagement was waged east of the village where the Germans had constructed a quadrilateral trench system which was heavily armed. Here the contending forces struggled through the day at close quarters. The British toward evening gained a footing in the trenches and continued to press the attack during the night. Part of the system was still unobscured this morning and it was being stormed.

Through this sector there were pockets of German manned machine guns and each of these garrisons was a legion unto itself. Between Holnon and Fresnoy-le-Petit were three little patches of wood; these fairly bristled with machine guns. They were finally cleared out but it was a desperate adventure for those doughty English troops who went charging thru them amidst a hail of bullets and combed the occupants into silence. The eastern part of Fresnoy was still in the hands of the enemy this morning with the British holding the western section and pressing the defenders hard.

REPUBLICANS AND DEMOCRATS MEET IN CAPITAL TODAY

Each Party To Adopt Platform for November Election

(By The Associated Press).
SPRINGFIELD, Ill., Sept. 19.—Political leaders from every section of Illinois are gathering here tonight to attend the Republican and Democratic state conventions tomorrow. About 150 women delegates will occupy seats in the convention of each party. Both conventions promise to be harmonious political love feasts. Each party will adopt a platform defining the issues for the November election and nominate three candidates for University trustee.

Among the early arrivals on the Republican side were Senator Lawrence V. Sherman, Congressman Melville McCormick, nominee for senator, Attorney General Edward J. Brundage, State Auditor Andrew Russell, Secretary of State Louis Emmerson, C. S. Deane and Fred E. Sterling, chairman of the state committee. Mayor William Hale Thompson of Chicago and Congressman George E. Foss are not expected to attend.

Lowden In Keynote Speech
The convention will be called to order at 10 a. m. by Chairman Fred E. Sterling of the state committee. Governor Frank O. Lowden will preside and deliver the keynote address.

Demands Definite Program in Financing the War
Mrs. C. F. Trible of Princeton, Mrs. Tiffany Blake of Chicago and John M. Herbert of Carbonale are slated for nomination as university trustees.

The platform to be adopted will contain certain utterances on these subjects:

Winning of the war with no peace without victory.
Demand a definite program in financing the war. Demand an executive budget for the federal government.
Urges the systematic study of war conditions by a unified agency in preparation for the coming peace.

Endorsement of the principles of universal military training for the youth of the country.
Legislation to enable soldiers and sailors to vote.
Commend the compulsory compensation law and pledge further protection to labor.

Endorsement of the administration of Governor Lowden and other state officers.
Endorsement of women suffrage.
Approval of the plan of home-steads for soldiers.

Will urge support of Fourth Liberty Loan and the purchase of War Savings and Thrift Stamps.
Will urge a merchant marine with government aid.

Roger C. Sullivan, William L. O'Connell and George E. Brennan of Chicago and Arthur W. Charles, Chairman of the Democratic state committee were among the first Democratic leaders on the ground.

Democrats Meet in Afternoon
The Democratic convention will be held at 2 p. m.

Chairman Arthur W. Charles of the state committee will call the convention to order and introduce Thomas P. Donovan of Joliet as chairman who will deliver the keynote speech. Those slated for nomination as university trustees are John M. Crebs, Camd, S. B. Montgomery of Quincy and Mrs. Mary Gallery.

The Democratic platform will include a strong endorsement of President Wilson's administration and commend his leadership in the successful conduct of the war. It will declare for war for victory.

Among other policies given endorsement are:
The \$50,000,000 bond issue for good roads to be voted on at the November election.
A constitutional convention for Illinois.

Passage of necessary legislation for the re-organization of the state courts and reform of court procedure.
It is said that neither party will make a declaration on the wet or dry question.

Senator James Hamilton Lewis arrived in New York late today from the battle front in France according to a telegram received by William L. O'Connell. He was invited to hurry to Springfield to address the Democratic convention but it is not expected that he can reach here in time.

He probably will telegraph a greeting to the delegates.

Interesting Contest.
What promised to be an interesting contest over the election of the chairman for the new Republican state committee was averted tonight by the party leaders reaching here in time.

STATEMENTS

Official Communications Issued By Belligerent Countries Regarding War Situation.

(By The Associated Press).
BERLIN, Sept. 19.—via London.—The official communication from headquarters this evening says:

"On yesterday's battle front between Havrincourt wood and the Somme the British partial attacks were repulsed everywhere."

ROME, Sept. 19.—The war office communication issued today says:

"In the mountain region, astride the Brenta, we carried out this morning successful surprise attacks. On the Asiago plateau our troops penetrated two portions of hostile entrenchments north of the line of Cima di Val Brenta-Col del Rosse. Forty prisoners were taken."

"Tuesday night three attempted enemy attacks east of Mont Perella failed. In Albania, north of Pogradec, our patrols had small encounters with the enemy and took prisoners."

PARIS, Sept. 19.—The French continuing their attacks southeast of St. Quentin have reached the outskirts of Benay, according to the war office announcement tonight. In the Soissons sector numerous enemy counter-attacks west of Jouv were repulsed.

The important town of Contescourt in the St. Quentin sector is now entirely in the hands of the French who also occupied Castres, further to the northeast.

The text of the statement reads: "We extended our gains notwithstanding the enemy's stubborn resistance and advanced beyond Contescourt, which is entirely in our hands. We also captured Castres. We have reached the outskirts of Benay."

"We broke all counter attacks on the plateau to the west of Jouv, (Soissons sector), inflicting severe losses on the enemy, appreciably increasing our advance and capturing 100 prisoners."

BERLIN, Sept. 19.—via London.—After fluctuating fighting on the front between Gouzeaucourt and Hargicourt yesterday says today's war office report remained in the enemy's hands. Further south the German positions were penetrated by the Australians but after hard fighting the latter were brought to a halt west of Bellicourt and Bellenglise.

Between the Omignon Rivulet and the Somme, English troops attacked in co-operation with the French. Using strong forces they attempted to break thru our lines at St. Quentin and north of that town. The engagements, which lasted until evening ended in complete failure for the enemy. In vigorous fighting the enemy was driven back to the positions from which he started. Here East Prussian regiments and the Alsace-Lorraine infantry regiment, number sixty distinguished themselves.

South of the Somme a French partial attack failed. On a 35 kilometer wide front attack we ascertained by means of prisoners the presence of fifteen enemy divisions. Between the Ailette and Aisne rivers the artillery duels increased in intensity in the afternoon. Vigorous partial attacks, which were especially directed against our lines on both sides of the Laffaux-Chavignol road, were repulsed.

In the Cotes-Lorraines fighting activity was revived. There were minor forefield engagements. During a thrust against Manhulles (northwest of Fresnoy) we took prisoners.

STRAUS NOMINATED TO SUCCEED WARBURG
WASHINGTON, Sept. 19.—Albert Straus, nominated today by President Wilson as federal reserve board member to succeed Paul Warburg has been a banker all his life and has been associated in recent years with various large enterprises. Since 1901 he has been a member of the firm of J. and W. Sligman & Co. of New York and has been a member of the executive committee of the Guaranty Trust Company. During the last year Mr. Straus has served in the war trade board as the treasury spokesman handling banking and foreign problems.

The term of Mr. Warburg expired recently and at his urgent request the president agreed not to reappoint him as he has a brother high in German financial circles and another in the service of a neutral European country and preferred to retire rather than have these facts raised in connection with his confirmation.

COLLEGE PRESIDENT RESIGNS
Winfield, Kans., Sept. 19.—Dr. Frank E. Mossman, president of the Southern College here has resigned to become president of Morningside College, Sioux City, Iowa, it was announced here today.

Employees of Press Associations Are in Essential Work

(By The Associated Press).

WASHINGTON, Sept. 19.—Employees of press associations actually engaged in the collection and transmission of news by wire to daily newspapers under a ruling tonight by the Provost Marshal General's office are included among persons engaged in necessary occupations and therefore entitled to file claims for deferred draft classification under the amended selective service act.

In response to inquiries on the subject the following statement was authorized:

"Persons regularly so employed are entitled to present claims to district boards for deferred classification on the ground that they are persons engaged in occupation found to be necessary to the maintenance of the national interest during the emergency."

"Persons so claiming deferred classification should be prepared to present to district boards (1) proof of the claims as set forth, and (2) proof that they themselves are necessary to the operation of the particular enterprise in which they are engaged."

"Such claim should be noted on the questionnaire in accordance with the directions given in insert relating to the presentation of claims for deferred classification on the ground of being engaged in industries, etc."

ROCK ISLAND WITHOUT FIREMEN

ROCK ISLAND, Ill., Sept. 19.—By Sunday, Rock Island will be completely without fire protection unless there is some unexpected turn in the situation here. Yesterday every member of the fire department with the exception of the fire chief and his two assistants turned in their resignations to the city commission, all to take effect by Sunday morning. One fourth of the firemen quit this morning, a similar number leave tomorrow morning and so on with the successive mornings until the force is depleted. The present situation is the culmination of a wage dispute begun last spring. A strike at the time was averted by a compromise which included certain conditions that have since failed to hold good.

GERMAN RECRUITS REFUSE TO FIGHT

AMSTERDAM, Wednesday, Sept. 17.—A large number of German recruits, mostly boys eighteen years of age, refused to enter for the front at Aix-La-Chapelle, according to Les Nouvelles, which says that the soldiers were ordered to fire upon the putrefiers, of whom eight were killed and many wounded. It is stated by the newspaper that the remainder of the revolting recruits were then driven into their train like cattle, but they were firing from the windows of the cars as the train moved out of the station.

EXPECT PASSAGE OF REVENUE BILL IN HOUSE TODAY

Two Minor Amendments Left to Dispose Of

(By The Associated Press).
WASHINGTON, Sept. 19.—Expecting only a roll call on final passage tomorrow and disposal of two minor amendments, the \$8,000,000,000 war revenue bill, which has been in the making since last May was completed today by the house. The measure as it will go to the senate contains practically no modification of the major taxes on incomes, war profits and luxuries as drafted by the house ways and means committee with senate considerations of the house draft to begin immediately.

N Increase to Be Asked
Secretary McAdoo today issued a statement that the treasury department would not ask at present for any increase in the bill's \$8,000,000,000 tax levy. An increase, Mr. McAdoo stated would be unwise and unnecessary and added that future conditions would determine the question of increased taxation. The vote on final passage is expected soon after the house convenes and action has been taken on the two unfinished amendments, extension to potash mines of depletion allowances provided for oil and gas wells and mines and a proposal by Representative Good of Iowa to extend to all men in the military service the \$3,500 income tax exemption provided in the bill, but now limited to those overseas.

Reading of the bulky bill of 190 pages was finished late today. In today's consideration of the bill besides defeat of proposals for a tax of \$3 a bale on cotton, the child labor amendment of Representative Green of Iowa and a proposal to repeal the present mixed flour tax and regulations, the house made a number of important changes but none without sanction of the ways and means committee.

Changes by the committee and adopted by the house included: Extension of the business license, or occupation tax of \$10 annually to "persons engaged in any trade, business or profession" whose gross receipts exceed \$2,500, with an additional \$5 tax for whole salers.

Elimination of the so-called tax on gross receipts of persons operating three or more automobiles for hire, other than sightseeing machines. Elimination of duplicating and adding machines from the list of semi-luxuries taxed 10 per cent.

Soda Fountain Tax
A provision making the tax on soda fountain and soft drink retailers effective November 1, next. This tax is two cents on each ten cents of sales of soda water, ice cream and similar articles.

A provision changing the tax on toilet soap and powder from one cent on retailers sales of ten cents or fractions to a ten per cent levy on manufacturers or importers sales.

A new amendment exempting entertainments for soldiers and sailors from amusement admission taxes.

The cotton tax, proposed by Representative Moore of Pennsylvania, after a heated discussion between the author and Representative Rainey of Illinois, was ruled out on a point of order made by Representative Crisp of Georgia after a similar amendment to tax cotton used in textiles had been defeated 100 to 28 on a rising vote.

Representative Saunders of Virginia, presiding, held the cotton tax proposal not germane to the bill under house rules, with the result that Representative Sabbath of Illinois, abandoned his proposal to tax steel and steel products.

FORMER EMPRESS AGAIN REPORTED DEAD

LONDON, Sept. 19.—About a month after the former Russian empress, was shot to death according to a story reaching London from the former Dowager Empress and two grand duchesses (names not given) were taken to an isolated village, according to the report and made prisoners at a residence. They were only a few days there when a crowd of Bolsheviks attacked the house. A woman barricaded the doors and the house was set on fire. All in the house perished.

There have been various reports as to the fate of the former Russian empress and her daughters. A London newspaper on Sept. 12, reported that she and her four daughters had been taken to New Orleans and in-lieu of a ransom of \$1,000,000, later by the Bolshevik foreign minister.

The boats will use the Illinois and Michigan Canal from Chicago to Peru, Ill.; the Illinois river from that point to Grafton, and the Mississippi from there to St. Louis. An Illinois barge company will operate the Chicago-St. Louis line, Conway said.

WAR SUMMARY

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

Thursday saw both the British and French armies arrive in Picardy materially develop their plans for the eventual enveloping of St. Quentin and Cambrai. The British made further gains around Gouzeaucourt and east of Epehy while the French striking southeast of St. Quentin brought the southern part of their Nipper into a better position for the squeeze against the town which daily is growing nearer.

More than 10,000 prisoners and in excess of sixty large guns fell into the hands of the British during the big operation begun by Field Marshal Haig Wednesday northwest of St. Quentin. In addition extremely heavy casualties were inflicted on the Germans in the frontal attack and during violent counter attacks made by them in an endeavor to recoup their losses of ground. So badly was the enemy hammered during this fighting that he did not attempt on Thursday to stir from his trenches except near Epehy and Gouzeaucourt and to give little less battle on isolated sectors to the south. Northwest of Soissons the Germans are counter-attacking vigorously against the Allied forces holding strategic positions which are threatened with the high ground along the Chemindes-Dames which the enemy hopes to save as a temporary haven or refuge in the event of forced retirement from the west and the south. Notwithstanding the strength of the onslaughts the French everywhere repulsed the enemy.

Likewise south of the Aisne in the region of Courlandon the Germans endeavored to beat back the French but again met with defeat, the French artillery cutting the attacking waves to pieces.

On the Lorraine front there has been considerable mutual artillery shelling but no big infantry engagements. The raid attempted by the Germans against General Pershing's men northwest of Pont-a-Mousson came to naught.

In the Macedonian theatre the Bulgarians are in full flight before the Serbians who have recaptured numerous towns, taken large numbers of prisoners and great quantities of war stores. Following the usual tactics of the teutonic allies the enemy is devastating the country he traverses leaving it a wilderness thru the use of the torch and explosives. In European Russia, the Bolsheviks and the Germans for the moment seem to have the upper hand over the Czech-Slovaks who have been compelled to evacuate Volsk, Simbirsk and Kazan. The success of the enemy forces is attributed to a lack of ammunition and other supplies by the Czechs.

Inter-Allied labor conference in session in London has unanimously adopted the four points President Wilson formulated as the only basis for peace as labor's basis for the ending of the war. Likewise unanimous approval was given the stand of President Wilson and the entente powers with regard to the Austrian peace note.

A Russian premier, the former Russian premier, addressed the conference. He said Russia had not left the entente alliance and declared that his country had never recognized the peace of Brest-Litovsk or ceased to struggle against the Germans. He added that members of the old constituent assembly were most active in Russia in an endeavor to form a government or the whole of Russia.

BARGE LINE BETWEEN CHICAGO AND ST. LOUIS

ST. LOUIS, Mo., Sept. 19.—A barge line between Chicago and St. Louis is in prospect according to E. S. Conway, chairman of the Illinois waterway board. Conway has conferred with members of the Mississippi Valley waterways association and Thomas H. Lovelace, secretary of the association said arrangements would be made to interchange freight between this line and the one that is to operate between St. Louis and New Orleans, La., starting Sept. 28. Lovelace said freight could be easily shipped directly from Chicago to New Orleans and intermediate points by water. Barges could be interchanged here thus avoiding the transferring of cargoes from one barge to another.

The boats will use the Illinois and Michigan Canal from Chicago to Peru, Ill.; the Illinois river from that point to Grafton, and the Mississippi from there to St. Louis. An Illinois barge company will operate the Chicago-St. Louis line, Conway said.

HEAVY RAINS HALT PROGRESS OF AMERICANS

Patrols Carry Out Operations Far Beyond Enemy Lines

WITH THE AMERICAN ARMY ON THE LOHRAINE FRONT, Sept. 19.—6 p. m.—(By The Associated Press.) Clouds, from which rain poured most of the time, covered the sector north of St. Mihiel like a blanket today forcing the allied airmen to cease their punishment of the Germans.

Patrols were active, carrying out operations far beyond the line and occasionally the enemy's artillery fired viciously and blindly into the sector. The French and American guns continued through the day their bombardment of fixed targets but with less vigor than usual.

Aviator Does Good Work.
Lieutenant F. Luke of Phoenix, Ariz., the aviator who on Tuesday night destroyed three enemy balloons inside the German line added an enemy airplane to his list of victories at dusk yesterday. The fight took place near Verdun and when the German machine was downed, Lieutenant Luke himself landed nearby in order to make certain the capture of the pilot.

Enemy Raid Fails.
At midnight a raid was made by the Germans against the American line near Vandieres, northwest of Pont-a-Mousson, at the same place where the first early morning attack was directed against the American outposts on the edge of Banques Wood. No prisoners were taken and it is doubtful if any information was taken back by the raiders. Three of the five American airplanes lost yesterday were those belonging to a bombing formation which dropped two tons of explosives on German troops near Mars-la-Tour, south of Conflans. The group was attacked by ten enemy machines. One German machine dropped. Caught at a disadvantage the Americans separated and three of the planes were brought down in flames.

Prisoners Brought In.
German prisoners have been brought in and delivered to the officers of the American intelligence department for interrogation without a shot having been fired. An officer and a patrol of fifteen men were checked one night by wires which had been electrified. The patrol returned the next night with material to bridge the wires. It was raining however, and the Germans had turned off the current.

The patrols crossed the wires, came to another wire and wandered thru an abandoned communication trench until a sentry was encountered. One of the Americans, addressing the sentry in German succeeded in obtaining the countersign before the sentry discovered the Americans' identity. With the sentry a prisoner the patrol moved on until a second sentry was met. This German recognized the Americans and fled to his dugout. The Americans battered down the door and captured him and two of his comrades.

be at the noon or supper hour.
Only two men are on duty at
these hours.

PEACH PITS AND PATRIOTISM
The organized effort among
Jacksonville children to collect
peach pits, nut shells and pits
has met with enthusiastic and
patriotic response. Since it re-
quires only 200 peach stone or

7 pounds of nut shells to make
enough carbon for a gas mask the
movement for collecting the gas
mask making materials has offer-
ed a ready opportunity for the
display of patriotic war inter-
est. The young people and their
elders know that the lack of gas
masks has caused the death of
thousands of British and French
soldiers and serious injury to
others. At first thought this
collection of seed pits and nut
shells seemed like an unnecessary
movement, but the facts behind it
show the worth and the reply
to the appeal given here and
elsewhere has been characteris-
tically American. The seed col-
lection program has moved for-
ward with vim and vigor.

GOVERNMENT BOND INVESTMENTS.
The Wall Street Journal, in a
recent issue, said:
"All the economies of war fin-
ance point to government bonds
as the soundest and most far-
sighted investment a person can
make during these times. Persons
should realize that by investing
in government bonds they are
buying with cheap money a call
on dear money in the future.
"A dollar invested today will
be worth perhaps \$2 in purchas-
ing power after the war. If we
expend our money in personal ex-
penditure and lend the savings
thereby created to the government
it will be repaid at a time when
those savings will be able to pur-
chase perhaps twice as much as
they can now. And after the war
4 1/2 per cent interest on a gilt-
edged security will look relatively
big."

A WORTH WHILE CO-OPERATIVE EFFORT.
The Social Service League is a
local organization engaging in
an important work. It is a plea-
sure to note that the organization
this year is operating along a line
which merits approval. The
league is seeking to co-ordinate
the various forces working along
charitable lines. It is a co-opera-
tive effort designed to prevent
overlapping in charity and relief
efforts and the plan has many
sensible features to commend it.
While the project is referred to
as belonging to the Social Ser-
vice league, as a matter of fact it
is the result of the willingness
of persons and organizations en-
gaged in relief work to co-ordi-
nate their efforts.

In these days especially it is
desirable that there be no "lost
motion" in charity work and
that there be efficiency and econ-
omy along this line as well as in
other affairs of the day. Charity
work is recognized now as more
than almsgiving and if it is han-
dled on certain definite princi-
ples the tendency is to decrease
dependency rather than to in-
crease it. The present joint ef-
fort is indeed well worth while.

THE INCREASING COST OF WAR.
The Review of Reviews gives
a most interesting comparison of
the reports of our Treasury De-
partment with recently issued
British financial statements shows
that America is already spending
50 per cent more than Great Brit-
ain on the war. The war outgo
for July was \$1,508,000,000 or
more than \$2,000,000 each hour.
Thus we have come to a yearly
rate of \$18,000,000,000; but each
month shows an increase over
preceding months, and the year
1919 is expected to need \$24,000-
000,000, not counting between
five and six billion dollars that
will be appropriated for that year
but covered by future contracts.
Altho we are going so much
faster than Great Britain, and at
a constantly accelerated rate, our
total war debt is as yet only about
one-third as large as Great Brit-
ain's, owing to America's shorter
period of war effort—\$12,500-
000,000 against \$36,000,000,000.
In the current year we have raised
about \$4,000,000,000 in taxes
as compared with \$3,270,000,000
levied by Great Britain. With a
population here twice as great as
our Ally's, we should, to make the
individual burden of taxation as
great as the Englishman's, raise
eight billion dollars—just the sum
we propose to raise next year. It
must be remembered, however,
that England came to this pres-
ent burden by gradual increments

Rippling Rhymes By Walt Mason

The Kaiser's Photo.
The German mother lost nine
sons—all stalwart young up-
standing Hunns. She wistfully
her cottage door for those who
would return no more; the bur-
den of her grief and care seemed
greater than her soul could bear;
her face was wan, her eyes were
bleak, her hair grown snowy in a
week. But now the postman
comes and cries, "Here's some-
thing that will dry your eyes!"
A letter with the Potsdam crest—
now may your woes go galley
west!" With awe the stricken
mother takes the missive, and
the seal she breaks. Great Wil-
helm, ruler of the Hunns, has
heard about her nine lost sons,
and he has sent a work of art to
soothe and heal the broken heart
it is a photo of himself fit for
the mantle or the shelf; majestic,
beautiful and grand! It's auto-
graphed in his own hand! The
mother dries her scalding tears;
she and the postman give three
cheers; their arms in ecstasy
they lock, and bunnies around
the block. "Ach, himmel," cries
the mother then "the world
seems bright and fair again; who
would not send a bunch of sons
against the hungry Allied guns,
if thereby he or she might get
this Photograph, already yet? I
have a granddaddy in the house,
two uncles and my worthy spouse
and I shall send them forth to
die; perhaps the Kaiser in reply,
will send a photographic view of
Kronprinz Wilyum Friedrich,
too?"

CATHOLIC WOMEN IN RED CROSS WORK

Record for Year Shows Women
Have Been Very Busy With
Sewing and Knitting.
The Catholic Ladies Red Cross
unit recently completed the first
year of its existence and the re-
cord shows twelve months of ac-
tivity in good work. Mrs. John
Buckley is president of the unit
and Mrs. John J. Ferry secretary-
treasurer. The record of work
done shows the following figures:

Hospital Work.
60 pairs of pajamas.
20 pairs bed socks.
20 comfort kits.
20 personal bags.
Refugee Work.
158 garments.
Knitting.
111 sweaters.
69 pairs socks.
3 helmets.
1 pair wristlets.
These figures give ample proof
that the members of the Aid So-
ciety have been actively at work
and have been doing their full
part in sending supplies to the
war zone. The members of the
society have held an all day sew-
ing every Tuesday at K. C. hall
and in addition have had special
work days. Of course a large
amount of this work has been
done by the members at their
homes. Further proof of the pa-
triotism of this organization was
shown by the recent decision to
take funds from the treasury for
the purpose of purchasing a \$100
bond of the Fourth Liberty Loan.

bott, 1237 S. East St. Ill. 881.

WILL RETURN TO SOUTHERN HOME
W. W. Moore will return to his
home in Mississippi today after
a few days' visit at the home
of his parents Mr. and Mrs. Ensley
Moore on West State street. Mr.
Moore has been a resident of
Mississippi for a number of years
and is now engaged in farming
there in an extensive way. The
past year has shown some rapid
increase in land values in Missis-
sippi because of generally prosper-
ous crop conditions. The cotton
crop this year has been damaged
to some extent by the dry weather.
Labor is difficult to secure
but nevertheless farming is on a
generally satisfactory basis.

MORGAN COUNTY'S JUVENILE PROBLEM

Old, Old Story of No Place to
Keep Juvenile Delinquents Like
Banquo's Ghost Rises Again.

Again the old story of Morgan
county's lack of accommodations
for juvenile offenders and delin-
quents comes to the front. Peri-
odically, like Banquo's ghost this
problem has been arising for more
than a quarter of a century. And,
today there are no better facilities
for caring for children than was
true 25 years ago.

This matter has been brought
up at this time by several children
who are held at the jail awaiting
legal disposal. One is a boy of 14
years who is held because there
is not enough room in the school
for boys at St. Charles for his en-
trance.

However, the boy is not locked
in the same room with the crim-
inals. During the day he is allow-
ed the freedom of the jail. It is
necessary at night to lock him in
a cell but he is not in contact
with the older inmates.

The three girls held at the jail
were brought here from More-
dosa. They are aged 15, 11 and
9 years respectively. They were
placed in the care of Mrs. Graff
pending their being sent to a state
institution, their parents both be-
ing dead. However, these chil-
dren are being cared for by Mrs.
Graff in the living rooms of the
jail.

While there is no fund for the
purchase of clothing for such chil-
dren Sheriff Graff said last night
that the commissioners had al-
ways been very liberal when he
asked them to provide for delin-
quent children who were being
taken away.

As for the matter of separate
rooms for children in the jail,
Sheriff Graff said the same condi-
tion confronted him that had con-
fronted officials in the past. No
provision had been made for sepa-
rate quarters for juveniles be-
cause the voters had always voted
against the building of new jails.
However, the sheriff said the
condition was not nearly so bad
as had been painted and prob-
ably not as bad as in some
other localities.

COLLEGE SOCIETIES TONIGHT

This evening the Phi Alpha and Sigma Pi societies of Illinois college will hold their first meetings and it is all important that they have a good attendance and any former students and members within the city will do well to go up and help give the boys a good send off. The societies are among the most important features of the college and the student who fails to join one of them and take his part in the programs is losing some of the best of his opportunities. Go up, old boys and help the beginners avoid the mistakes you made and profit by your experiences.

HOW THIS NERVOUS WOMAN GOT WELL

Told by Herself Her Sincerity Should Convince Others

Christopher, Ill. — "For four years I suffered from irregularities, weakness, nervousness, and was in a run down condition. Two of our best doctors failed to do me any good."

I heard so much about what Lydia E. Pinkham's Vegetable Compound had done for others, I tried it and was cured. I am no longer nervous, am regular and in excellent health. I believe the Compound will cure any female trouble."

—Mrs. Alice Heller, Christopher, Ill.

Nervousness is often a symptom of weakness or some functional derangement, which may be overcome by this famous root and herb remedy. Lydia E. Pinkham's Vegetable Compound, as thousands of women have found by experience.

If complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for suggestions in regard to your ailment. The result of its long experience is at your service.

LEMON JUICE TAKES OFF TAN

Girls! Make Bleaching Lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quart of the best freckle, sun-burn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

BLUFFS HELD BIG RED CROSS CELEBRATION

Large Crowd in Attendance and Event Proved Most Successful—Parade by Junior Red Cross—Gilbert Flynn Dead.

Bluffs, Sept. 19.—Wednesday was Red Cross day and the picnic which had been planned for many weeks, was held all day Tuesday. The various committees worked and planned for all sorts of amusements, good things to eat and the day was sure a busy one. Bluffs took on the form of a street fair and everything was done that could be to make it one of profit and pleasure.

There were gallons of burgoo soup, tubs of fried chicken and other good things in proportion. The dainty flower girls were present who realized about \$50 from their wares. The fairs were present for their share of profit and fun. The ladies had a fine display of quilts at the C. N. D. headquarters. Many of these were sold but a goodly number were retained for the allied relief.

The Juniors in uniform representing the Continental army and the thirteen original colonies, thirteen little girls in white following the Scouts. Next came Uncle Sam with the Goddess of Liberty at his right and back of them were the Patriotic League girls in Red Cross nurses' uniforms.

The little quilt bearers—eight little Juniors who carried one of the quilts placed by the little girls during the summer came next in the line of the Marching Thru Georgia they sang:

"Blow the good old bugle boys; we're coming right along, Make a great big racket for we're many millions strong. Our watchword now is victory and that won't take us long. While we go marching through Germany."

Chorus: Hurrah! Hurrah! We're going to Berlin. Hurrah! Hurrah! They've got to let us in.

And what we'll do to that old town will surely be a sin, While we go marching through Berlin.

This part of the parade made quite a hit, and in the afternoon and evening parade they received a collection of \$142.32 on the spot. Rev. Mr. Johnson of Baptist church of Winchester delivered an able patriotic address in the afternoon and the Winchester double quartette sang several selections. This part of the program was especially pleasing. In the evening a pageant of the allied nations at war was presented on the grand stand. This was very beautiful and pathetic as well, especially when Belgium with her little ragged children made her appearance and how quickly her sorrows were forgotten when the glad hand of the U. S. was extended to "make right the laws of the world!" This pageant was given by the Patriotic League girls and was a great success.

The parade in the evening with the Mercedia band in the rear brought the picnic to a close. The gross receipts will be near \$1500. The Juniors netted \$142.32, \$16.60 of which were realized from the sale of the "Shadow and Shadow" quilt. This one was raffled off and the numbers were given with the sale of candy sweethearts. Number 100 drew the quilt and Mrs. Walter Tash of Naples was the lucky holder of that number.

The surrounding towns—Chapin, Mercedia, Naples, Winchester, Oxville, Exeter and Merritt, were well represented.

Gilbert Flynn Dies

Gilbert Flynn, son of Mr. and Mrs. Russell Flynn, died at his home Wednesday after a few days' illness, aged two years, eight months and fourteen days. Funeral services will be conducted from the M. E. church Friday at 10 a. m. by the Rev. E. J. Rees officiating. Burial will take place at the Baker cemetery near Rutledge Chapel.

Margaret and Willie Brockhouse, children of Mr. and Mrs. Richard Brockhouse are both stricken with infantile paralysis.

Earl Little, another child of the same community, is also reported stricken with the malady. The above children reside east of town in the Brush College school district.

GRACE CHAPEL

Elmer Smith and Oscar Bridgman drove through to Waverly Saturday and came back Sunday.

Daniel Wester, son of Mr. and Mrs. Joe Wester was taken to Dr. Norbury's sanitarium in Jacksonville Friday afternoon for treatment. His friends wish for him a speedy and complete recovery.

Charlie Longley's condition remains about the same.

A little boy baby arrived at the home of Wall Mason Friday morning. This little youngster was named Paul Wilson. Mother and child doing fine.

Mr. and Mrs. Austin Smith and son Byron of Concord visited relatives in this vicinity the last of the week.

Sell Loughary, wife and family of Beardstown spent Saturday night and Sunday at the home of his mother, Mrs. Jesse Loughary.

Mrs. Nellie Scribner has been at the home of her sister, Mrs. Wall Mason to help care for little Paul Wilson the last week.

Harry Ogles is in receipt of a card stating that his oldest son, Russell, has arrived safely overseas.

EXEMPTION BOARD NEWS

The five colored men recently assigned to service at Camp Grant will entrain next Wednesday, Sept. 25, at 6:05 a. m.

Clarence P. Siegfried, who enlisted recently for service as stenographer and typist will leave Monday for Jefferson Barracks. Martin Russell, who is enlisting in the ordnance department, will also leave Monday for Columbus Barracks, Ohio.

The work of copying cards and otherwise completing the record in connection with the recent registration is still progressing steadily in the office of the local board. The list of assistants yesterday included Miss Lora Bancroft, A. C. Scarlett, W. W. Wharton and William Cocking.

A telephone message received from Adjutant General Dickson by Chairman Weir indicated that the questionnaires have not yet been sent out. In fact the government has not yet fixed the date when the questionnaires will be sent.

Thus far the board has received no instructions from the government with reference to permitting men who are under the jurisdiction of the board to enlist in the navy, although such instructions are anticipated in view of newspaper dispatches emanating from Washington. There have, however, already been a number of inquiries from young men desiring to enlist if the opportunity offers. William Floeth, Jr., and Allen S. Smith have filed notice of their intention to enlist in the marines as soon as the local board has authority to approve this course.

L. A. REED BUYS GREAT DUROC BOAR

Lester Reed has just returned from Ohio where he purchased a great Duroc boar to head his herd. This fellow is 2 years old, weighs 850 pounds, and stands 40 inches high. He was second prize boar at the Ohio State Fair, and also sired 3rd and 4th sow pig and 2nd boar. He was shown last week at Newark where he won Grand Champion over all breeds.

His sire won Grand Champion at the International Fair in 1915 and his grandsire won Grand Champion at the National Grand show in Omaha in 1915. Without

doubt this is the greatest boar that has ever been brought into this locality. By the addition of this sire Mr. Reed's herd, already prominent is destined to become one of the leading Duroc herds.

Ladies' furs have advanced in price since FRANK BYRNS received and marked the stock now shown.

WORLD WAR VETERAN AT STATE HOSPITAL HERE

LIEUT. JOHNSON HAS HAD REMARKABLE RECORD OF SERVICE.

Enlisted in 1914 with the French Troops and Subsequently Was With British Troops—Gassed at Labasse He Was Sent to Hospital and Discharged—Fell 1500 Feet in Aeroplane Without Injury—Thrilling Experiences in Other Branches of Service.

Thomas L. Johnson, a veteran of the great world war, who has seen service in both the French and English armies, is now employed at Jacksonville state hospital. Lieut. Johnson is the proper way to refer to this ex-soldier and aviator, who was discharged from the service after he had been gassed and wounded. Lieut. Johnson's army career took him thru several years of the fighting and because of injuries received at the battle front he was for a number of months in special service, his assignments taking him to German East Africa, to Egypt and thence back to England.

Lieut. Johnson, who is American born and thirty two years of age, was in New York in newspaper work when he enlisted in August, 1914. The experiences thru which he passed in his years of service include nearly all the thrills that can come even in modern warfare. He was once injured as he fell in a British airplane a distance of 1500 feet. He was gassed while from a shell hole he was doing observation artillery work. The hospital ship on which he sailed thru the Mediterranean was attacked by a submarine and escaped. The ship on which he first started to return from England to the U. S. was torpedoed about 100 miles off the Irish coast and he with other passengers was compelled to return to England and take passage on another ship.

Recovering from Gas Effects.

The personal and thrilling history of the war and the present war is well authenticated and it will certainly be a great surprise to local people to know that a veteran with such a history is in their midst. It seems that after his return to this country, following discharge from the service, Lieut. Johnson aided the third Liberty loan campaign in New York state and then went to Colorado to regain his health and to recover from the effects of "gas." After some months there physicians advised that he could leave that climate either he should not be near either coast. He is not yet physically able for any heavy tasks and has decided to take a position at the state hospital here because he was familiar with the line of work in which he is now engaged. The work is light and the hours are such that he has ample opportunity for writing the story of his experiences which he later expects to put into print.

As indicated, it was in 1914 that he left New York City to get into the war and landed at a port in Southern France. August 10, he enlisted in the foreign legion and went almost immediately to Algiers for training. There he remained until November and when the Franco-American air squadron was organized he was transferred to that service. He served on patrol and observation duty in the vicinity of Rheims and Verdun and was in the French army until July, 1915, when he was discharged. He entered the service of the British army in September, 1915 and continued in the service until his discharge in April, 1918.

"How long did it take us to drop? Well, that is a question I have had asked me many times," said Lieut. Johnson yesterday when questioned about his experience in a damaged aeroplane. "No aviator ever knows how long it takes when he is dropping, but I should say it took us about three quarters of a minute. We were swirling around with the airplane absolutely beyond control."

Machine's Tail Breaks.
"Then, at an altitude of about 1500 feet, the tail broke off and it was then a sheer drop to the ground. It was only by a miracle that neither one of us was killed, but, as it was, neither had any bones broken. We were sitting on top of the wreck smoking when the ambulance reached us."
"It is hard to describe the sensations I felt when we were dropping. We were doing everything possible to gain control of the machine, but I guess in those last few seconds when we dropped the 1500 feet I saw a picture of everything I ever did in my life, good or bad."

Lieut. Johnson does not talk much and he makes light of the wounds he received in battle. "They didn't make much difference," he said, dismissing that phase of the interview. But he has a large frame and a powerful physique and when he clasps your hand he makes the blood tingle thru your fingers in a good, honest, hearty way.

At the battle of Loos Lieut. Johnson was wounded and remained in the hospital for a thirty day period. Subsequently he was placed on the general list as a second lieutenant and went to France. In September, 1916, at the battle of the Somme he was serving with a machine gun battalion and while taking forward some reserve walked into a shell hole. He was wounded and later gassed, remaining in the shell hole for an eighteen hour period. His injuries were such that he was a hospital patient until November, 1916.

Then he was assigned to service on an English troop ship and started to India, spending also two months in Mesopotamia. The troop ship was bound for German East Africa and landed at Des-Sellon for the purpose of transporting South African troops back to Durban to acclimate them. Subsequently the course of the vessel

was thru the Suez canal down to Egypt and Alexandria. His journey back to England was on board a hospital ship and this vessel was fired upon in the Mediterranean Sea by a submarine, but escaped injury.

Arriving back in England he saw service of two months with the aero squadron and was then sent back to France. So it happened that he was there in October, 1917 when the American engineers threw down their picks to take up rifles and help the English troops at the battle of Cambrai. "There is little doubt," said Lieut. Johnson yesterday, "that this brave and well-timed action of the Americans saved the day for their support came at an acute and critical time."

Gassed at Labasse.
But it was in January, 1918, at the battle of Labasse, when the lieutenant was in a shell hole observing the artillery fire for his own troops that the gas shell "got" him and a two months' hospital period with later a discharge from the service followed. The ship on which he started from Liverpool was torpedoed 100 miles west of the Irish coast. He and ship companions were picked up and taken to the main land, where they embarked upon another ship. This vessel came to the United States without convoy the voyage was made in safety. These facts give only a bare outline of the thrilling experiences of this American who entered the war in its early stages, partially because of a call to adventure and national pride, too, thru a desire to aid the nations struggling for democracy.

MORE LIQUOR CASES IN COUNTY COURT

Sentence Passed on Joe Moseley—Wills Pleads Guilty—Blanche Wilson Case on Trial.

In the county court yesterday Judge Thomson passed sentence on Joseph Moseley, who was found guilty on three counts of an indictment charging violation of local option law. Judge Thomson fixed Moseley's punishment at 30 days in jail for each of the two counts and gave a fine of \$100 and costs for the third count. A capias is to issue for the fine and costs.

Harrison Wills, who is another of the defendants charged with violating the local option law, evidently decided to profit by the experience of those who have stood trial at this time of court and entered a plea of guilty to one count. The court fixed his punishment at 20 days in jail with a fine of \$100 and costs to be paid by December 1 of the state's attorney.

The trial of Blanche Wilson was begun during the day. The defendant who is charged with selling liquor, is represented by J. Marshall Miller and W. W. Wright. The prosecution being conducted by State's Attorney Robinson. The evidence in this case seems to be of the conclusive kind that has marked the other liquor cases. Among the witnesses were J. C. Williams, a special investigator brought here by the state's attorney; Deputy Sheriff George L. Kimber and Harold Elliott, night police captain. The jury hearing the evidence in this case includes: W. F. Council, Paul Breckon, J. W. Finch, J. L. Sheppard, C. E. Petefish, F. J. Garland, Harry Butcher, Charles Aufdenkamp, J. O. Hayes, T. M. Crum, T. H. Howard and Charles Tomlinson. The case will probably go to the jury some time today.

MORTUARY

Ferreira.
Wendell Larue, little six years old son of Mr. and Mrs. J. M. Ferreira of Springfield, died at a hospital in that city at six o'clock yesterday afternoon. The remains will be brought to this city this afternoon to the home of A. F. DeFries on Duolin avenue.

The time for the funeral will be announced later.

ANNOUNCEMENT.

At the recent Republican primary I was nominated for the office of assessor and treasurer and will seek that office at the election in November. Your support will be appreciated.

Grant Graft.

IMPROVING OFFICE

Some extensive changes are in progress in the interior of the office of the American Railway Express Co. in the Scott block on West State street. Old fixtures are being taken out and replaced with new ones. The changes have been necessitated by the large amount of business that the office is handling since the consolidation of the three companies.

Social Events

Catholic Aid Society.

The first fall meeting of the Ladies' Aid Society of the Catholic church was held Thursday afternoon at Knights of Columbus hall. The time was spent socially and work of the year outlined and discussed.

Celebrates Birthday.

Miss Irene Thelma Smith of northeast of city, celebrated her 15th birthday recently. About thirty friends were present. Marie was furnished by Miss Irene Smith, Pauline Hankin and Elmore Stoldt. The home was decorated with cosmos and gold. She was the recipient of many handsome gifts. Among them being a beautiful gold wrist watch which was presented by her father and mother. She also received two birthday cakes, one with 15 candles and the other with 18. American flags on it. A late hour delicious refreshment were served and the guests departed wishing Miss Smith many more happy birthdays.

MRS. ANN LYONS DIES AT WINCHESTER

Had Been Resident There Many Years—Funeral of Mrs. Leib Held—News Notes.

Chaperoned by Mrs. Stock Miller of Denver and Dean Mary L. Denton, of Carleton College, Minnesota, the students were met by Dr. Robert L. Kelly, secretary of the association of American colleges which arranged for their coming. The collegians selected in French schools by Mrs. Miller and Dean Denton will go to colleges in various parts of the country. Among the colleges the students will attend are: Illinois Woman's College, Carthage College, Illinois Wesleyan University; University of North Dakota, Carleton College, Hamilton University, St. Paul, Minn.; Baker University, Kans.; Washburn College, Kans.; Drury College, Missouri; 1913 College, Calif.; and Trinity College, Washington, D. C.

M'ADOO APPROVES AMERICAN EXPRESS COMPANY INCREASES

WASHINGTON, Sept. 19.—Director General McAdoo has approved the application of the American Railway Express company for further rate increases estimated to yield \$23,870,000, and has sent the proposal to the interstate commerce commission for final action. The commission announced tonight that public hearings on the matter will begin Tuesday, October 8.

The amount realized by the recent advance in rates, approximately \$10,000,000 has been absorbed entirely, Mr. McAdoo wrote the commission in making wage advances to express employees. The director-general said he was satisfied there must be a further increase in wages and that some \$12,000,000 of additional revenue would be needed for that purpose.

Accordingly, he said, he had asked the express company for a suggestion as to what advance should be made in present rates to yield the additional income. The company's memorandum was submitted to the Director general and forwarded to the commission. Assuming that \$12,000,000 of present revenue must be obtained the director general recommended the committee to ascertain whether the method used by the company was a proper one.

If a different plan was deemed best the commission was asked to indicate it.

SZECHO-SLOVAKS BEING HARD PUSHED

LONDON, Sept. 19.—The Czechoslovak forces in European Russia are being hard pressed by the enemy, largely owing to lack of munitions and stores. Within the last ten days the Bolsheviks, assisted by a considerable number of Germans have succeeded in occupying Volsk, Simbirsk and Kazan.

The fall of Kazan appears to have been due entirely to lack of ammunition by the Czechoslovakians.

The Germans are reported to be concentrating considerable supplies at Kharkov and Blagovod with a view to an advance on the Volga and to prevent General Alexiff's forces in the Don Valley from joining hands with the Czechs about Samara.

FRENCH LOAN U. S. RED CROSS COWS

WASHINGTON, Sept. 19.—Thru the loan of the French government of 1,000 cows the Red Cross will be able to supply fresh milk to 20,000 sick and wounded soldiers in France. Establishment of a dairy plant at the largest American army hospital in France is planned as a result of the loan, the Red Cross announced today. The dairy will be operated by convalescent soldiers.

WILL DECIDE ON REMOVAL OF COLLEGE

QUINCY, Ill., Sept. 19.—Whether Illinois Wesleyan University now located at Bloomington, Ill., will be removed to Springfield, Ill. will be determined at its session in this city Saturday morning. The conference will make a report this morning recommending the work at the school but urging that better accommodations for the work of the institution be provided. The change of location of the college was made a special order of business for Saturday.

BURGLAR IDENTIFIED.

Chicago, Sept. 19.—The burglar who held fifty policemen at bay with his pistol in a apartment house here yesterday was identified today as Charles Joseph Molinari Miller, of New York City. Police records show that he served a term in Ossining. A guard was kept at the door of his cell today to prevent him from committing suicide.

NEW ALTITUDE RECORD.

Canton, O., Sept. 19.—What is thought by Captain R. W. Schroeder of Chicago to be the new record in altitude was made by him yesterday in a test airplane flight from the Dayton Aviation Field to Canton. He ascended more than 28,000 feet, his records show. He found a temperature of 32 degrees below zero centigrade. His fingertips were frozen.

INFLUENZA SITUATION SHOWS IMPROVEMENT.

Boston, Sept. 19.—Deaths from influenza and pneumonia showed a falling off in various sections of New England. In this city seventeen deaths were reported as against twenty that number yesterday.

Forty-eight deaths were recorded in New England today; there were more than seventy yesterday.

UTAH WHEAT CROP BIG

Salt Lake, Utah, Sept. 19.—Utah's wheat crop in 1918 will be approximately 7,500,000 bushels an increase of 200,000, 000 bushels or 34 per cent, according to an announcement of the federal food administration for Utah issued today.

STRIKE ENDED.

Manchester, Wednesday, Sept. 18.—The cotton mills strike is now regarded as ended. Executives of the spinners union recommended that work be resumed on the understanding that an investigating committee will be appointed as proposed by Premier Lloyd-George. It is believed the mills will resume work on Monday.

GUEST OF KING GEORGE

London Wednesday, Sept. 18.—Admiral Henry T. Mayor, commander of the American Atlantic Fleet, and his chief of staff, Captain Jackson, were guests of King George at Windsor Castle where they arrived tonight.

REPUBLICANS AND DEMOCRATS MEET IN CAPITAL TODAY

(Continued from Page 1.)

ing an agreement to allow Fred E. Sterling of Rockford, the present chairman and nominee for treasurer to continue in office until the first regular meeting of the body is held in October. Clarence F. Buck of Monmouth, Congressman Medill McCormick's campaign manager will act as the chairman of a state campaign committee of five or seven members to be named later and will have active charge of the state canvass until the new state committee elects a chairman. This agreement was reached at a conference held between Governor Lowden, Senator Sherman, Congressman Medill McCormick and Attorney General Brundage. The rival candidates for chairman of the new state committee were State Senator Adam Cliffe of Sycamore and Len Small of Kankakee. Apparently neither had sufficient votes to win.

Garrett DeF Kinney of Peoria and Frank L. Smith of Dwight were suggested as compromise candidates but the leaders finally decided to postpone the election in the hope of amicably adjusting the dispute.

The reason given for postponing the organization of the new committee was that the vote in the 3rd and 4th districts for state committee was that the vote in the 11th will take the official count to determine the winners.

The old state committee met tonight and completed arrangements for tomorrow's convention by selecting John Harrison of Danville, permanent chairman, and Justus L. Johnson of Aurora, secretary and five women were named for assistant secretaries.

HINDENBURG ALLUDES TO AUSTRIAN PEACE OFFER

States it Does Not Involve Interruption in War Operations—It is Everybody's Duty to Continue the Struggle.

Amsterdam, Sept. 19.—Field Marshal von Hindenburg has issued a proclamation to the German army in the field, according to the Zeitung Ameritrag of Berlin in which he alludes to the recent Austrian peace offer, saying it does not involve interruption in war operations. It is the army's duty, he says, to continue the struggle while waiting to see whether the enemy will accept and reply for peace negotiations.

The text of the proclamation reads:

"The Austro-Hungarian government has proposed to all the belligerents a conference for a non-binding discussion of peace. War operations are not thereby interrupted. Readiness for peace is not in contradiction to the spirit with which we are waging the struggle for the homeland."

Calls War Defensive Struggle.
"As early as December, 1916, the Kaiser, our supreme war lord with his allies, offered peace to the enemy. The German government has often since then proclaimed its readiness for peace."

"The reply of the enemy was scorn and derision. The enemy governments incited their peoples and armies to continue the annihilating war against Germany. We have thus continued our defensive struggle."

"Our ally has now made a fresh proposal to hold a discussion. The fighting will not be interrupted. The army's task is to continue the struggle. In four years of war the German army has energetically protected the homeland and proved to the enemy our invincibility. Only by this means do we help break the enemy's will to destruction. While continuing to fight, we have to wait to see whether the enemy is sincere and this time ready for peace negotiations or whether he will again reject peace with us unless we are prepared to buy it on conditions which would destroy our people's future."

WOMEN AND RED CROSS MOTOR SERVICE.

The American Red Cross is seeking recruits for the Women's Motor Corps of Ambulance drivers for service overseas. The following facts for the information of those who may think of enlisting have been sent to chapter chairmen by Mrs. Frederick Eljah who is in charge of publicity work in connection with this department.

We are recruiting thru our Local Red Cross Motor Corps women for Overseas Service. They are to be used principally in Paris and interior points for Motor Messenger service, Ambulance Service between stations and Red Cross hospitals, and will also be used to a limited extent for Camion Service. The Red Cross will pay their transportation. Women should be volunteers, but, if necessary, will be allowed at the rate of 450 francs per month for expenses when out of Paris and 600 francs per month for expenses when in Paris. We are, however, in the first call, giving preference to women who pay all of their own expenses.

Candidates for this service will be selected from the American Red Cross Motor Corps in all cities where such Motor Corps exist, but where there is as yet no Red Cross Motor Corps organized applicants should be given an opportunity to have their qualifications tested by the Divisional Director of Motor Corps. The applicant should first be recommended by her local Red Cross chairman, who should make an effort to inform himself on her qualifications.

The general qualifications for this service are:

1. Must be between 25 and 40 years of age.
2. Must have excellent health, certified to after examination by a physician designated by Red Cross.
3. Must be free from all German connections.
4. Must not have a husband, father or son in the armed forces of United States, or of our Allies, either here or Overseas, or in Y. M. C. A., Red Cross, Knights of Columbus, or similar organizations abroad.
5. Must be willing to sign for 1 year's service in France, Belgium, or Italy where assigned.
6. Must be vaccinated for smallpox and inoculated for typhoid and para-typhoid.
7. Must give names of at least three American citizens as reference, not relatives, regarding her qualification for this special Motor Service and send three letters of reference (one at least from a woman) from people who have known her and her family for more than two years.

1. Certificate of First Division Red Cross Motor Corps, Truck or Ambulance Driver which means, having completed mechanical course as described in A. R. C. 658.
2. First Aid Certificate.
3. Training in Sanitary Troop Drill.
4. Chauffeurs License.
5. Driving Test.
6. Military Drill.
7. Oath of Allegiance.

Each girl is expected to provide her own equipment which will probably cost about \$200.00.

In general, applicants should be in excellent physical condition and capable of hard and continuous physical labor. No woman not ready to give full time and conscientious service need apply. Good temper, discretion and self-reliance are also essential. Seriousness of purpose and dignity of deportment are required. Working conditions abroad are difficult and the work is trying. The Red Cross cannot guarantee that any two or more women will either sail for Europe together or be placed in service together after arrival. We cannot recommend anyone attempting to enter this branch of the service unless she has some

independent means of her own. Unless she is reasonably well qualified, we do not advise her to request an application blank.

James Mahan, owing to ill health, has leased the major part of his farm to U. G. Moody. Mr. Moody has long been a trusted employee of Mr. Mahan and the action he has taken is very fitting.

Mrs. Pearl Stewart is nursing her brother, Richard Ogle, in Jacksonville.

O. P. Harris of Lamonte, Mo., visited a few days last week with his brother here.

Misses Elsie and Effie Stice have secured lucrative positions in a Springfield department store.

The tree movement of corn continues. Mr. Mainline, the manager of the Elmore Elevator, bought 9000 bushels last week at a basis of \$1.50 for No. 3 grade.

VISITORS FROM CALIFORNIA

Russell Smith and Mr. and Antonio Nunes who have been visiting friends and relatives the past few weeks expect to stay today for their home in Los Angeles, California, going by way of the Ford as they came. They follow the National Old Trail taking in Kansas City, Trinidad, Colorado, Needles, Ariz., and other important points.

They made the trip here, 2400 miles in 16 days encountering a great deal of mud and hope to get back in two weeks. They camp at night and are independent.

On the way here their Ford car used 115 gallons of gasoline and five gallons of oil. They changed two tires and the same spark plugs lasted all the way.

While in the city Mr. Smith was the special guest of his aunt, Mrs. J. M. Smith on North Main street and Mr. and Mrs. Nunes visited Mrs. Nunes' parents, Mr. and Mrs. Charles Ornellas on North Prairie street. They are anticipating much pleasure from the return trip and their friends all wish them safety and success.

Wanted—A manager for a Jacksonville poultry house.

A Heart-to-Heart Talk on Window Shades

The blistering sun of summer, and flying dust, coming thru the open windows have left their imprint on the window shades, some too soiled to put clean lace curtains against. Others possibly with cracks and pin holes, making them unsightly, necessitating replacing them. If you are needing shades don't forget we have the

How a New Home will have a Little Sunbeam to Brighten it.

Cupid and the stork are held up to veneration; they are rated as cunning plotters to herald the coming of the little sunbeam to gladden the hearts and brighten the homes of a host of happy families.

There is a most remarkable preparation known as Mother's Friend, which has been used by women for over half a century before the arrival of the stork. This is a penetrating external application for the abdomen and breast. By daily use throughout the waiting months, strain and tension is relieved. The muscles are made elastic and pliable so that when baby comes they expand with ease and the pain and danger at the crisis is naturally less.

Then, too, the nerves are not torn and drawn with that usual wrenching strain, and many distresses, such as nervousness, nausea, bearing down and stretching pains, are among the discomforts and debilitating experiences women who have used Mother's Friend say they have entirely escaped by the application of the time-honored remedy.

Thousands of women have used Mother's Friend and know from experience that it is one of the greatest contributions to healthy, happy motherhood.

Write to the Bradfield Regulator Co., Lamar Bldg., Atlanta, Ga., for their "Motherhood Book." There is a wealth of instruction and comfort to be derived from reading this little book. It is plainly written just what every woman wants to know. Get a bottle of Mother's Friend from the druggist today, and thus fortify yourself against pain and discomfort.

When Was Your Battery Tested?

How long has it been since you had a line on the inside condition of your battery?

A month? Six weeks?

If it's any more, you're taking chances.

Don't you want to know it if you're starving your battery—or mistreating it?

There's only one way to tell—by test. You can make it yourself or we'll do it free.

We'll be glad to show you the "How" of this sample test, and to tell you about Threaded Rubber Insulation—the most important battery improvement in years.

REV. E. L. PLETCHER PRESENTS REPORT TO M. E. CONFERENCE

At the Methodist conference now in session in Quincy Rev. E. L. Pletcher, superintendent of the Jacksonville district presented his report as follows:

Bishop Leete and Brethren:

At the beginning of the conference year the Jacksonville district having fallen heir to parts of the Bloomington-East Springfield Districts found itself a district of forty seven churches with over one hundred churches, covering a territory reaching north and south from the boundary of the Southern Illinois Conference to the Central Illinois Conference, some 80 miles, and east and west 60 miles. It has been our privilege to travel this district constantly, preaching three times nearly every Sunday and repeatedly during the week, besides giving attention to the many other responsibilities of our office.

Adjustments.

Three charges were left at the close of the conference "to be supplied." Before leaving the seat of Conference, J. A. Betcher of the Maine Conference was secured for Island Grove and Alexander. A month later C. L. Stokes came from the Southern Illinois Conference to Bluff Springs. Both have had a most successful year. Forest City was not so fortunate. Finally a pastor, H. R. Smith, a student from the Wesleyan was secured but in a short time he was called to the service of the nation. At the close of the first six months, C. M. Barton was elected to the Secretaryship of Apportioned Benevolences. With the consent of Bishop Nicholson W. M. Henry was taken from Havana and placed at Greenfield, and J. N. Jermain was moved from Franklin to Havana. For a time Franklin was without a pastor, but E. W. Miller has been secured from the West Wisconsin Conference and is closing up the year at Franklin in a very commendable manner. Raye Ragan was called in the Selective Draft

in June and his work, Lynnhaven has been taken care of as far as possible by J. O. Kirkpatrick in connection with his own work on the West Jacksonville Circuit. O. E. Johnson transferred from Easton to Nebraska at the beginning of the last quarter of the year and Conference Evangelist Towle has done most efficient service in caring for this charge and bringing up the benevolences.

Improvements.

There have been a number of very fine churches and parsonages built during the year. November the 25th, at Waverly the beautiful new church costing \$24,000 was dedicated by Bishop Quayle. On the day of dedication \$11,000 was raised in less than an hour. This was indeed a great victory for F. E. Smith the pastor and his faithful people. June 9th, the new church at Asbury on the Greenfield Circuit was dedicated by the District Superintendent. This is a modern country church, with basement and complete equipment. It cost near \$20,000 and not only the \$550 needed but near \$700 was raised on the day of dedication. A very large portion of the success of this enterprise is due to the pastor, W. A. Hostetter. The new church at Modesto is nearing completion and will be ready for dedication very soon after Conference. The last act of the District Superintendent was to lay the Corner Stone of our new church at Durbin on the Franklin circuit Sunday afternoon, Sept. 15th. This church was destroyed in a wind storm last May and the new one will be a fine improvement over the old. It will cost about \$10,000 and be equipped with all the conveniences suitable for the up-to-date country church. W. E. Keenan is the pastor of this charge.

Franklin the new parsonage of eight rooms with garret and basement was formally opened with a reception given by the pastor, J. N. Jermain and wife on the evening of February 14th. This building cost \$6,100 and is certainly a great credit to this charge. Winchester is completing a most beautiful parsonage which will be ready for the pastor immediately after Conference. The architect estimates the cost at \$7,000 but by the careful management of the building committee it will be built for less. This is a much needed improvement and with its new location gives Methodist a fine property and commanding position in the capital city of Scott County. There have been many minor improvements on both churches and parsonages such as new roofs, paint and general repairs.

District Meetings.

Early in the year a meeting of the District Stewards and Pastors was called to meet in Jacksonville. An all day program was given and at the luncheon hour 98 pastors and District stewards sat down as the guests of the District Superintendent and wife. At the luncheon we were given a stirring patriotic address by Joseph Hanley who was at that time conducting a great union evangelistic campaign in Grace church, Jacksonville. The district being so large it was found impossible to have one place where all could meet without great inconvenience and expense, so it was decided to try the plan of grouping the charges. The district was divided into six groups around a central point where all in the group might easily gather. In December the District Superintendent called the pastors together and organized each group by electing a chairman

AT DEATH'S DOOR

"I was talking with my neighbor, Mr. Webb, the other day, regarding the great trouble his stomach had given him. He said he suffered 7 or 8 years, and had been almost at death's door a number of times from acute indigestion and bloating of gas, which seemed to shut off his heart action. He said he wouldn't have lived much longer if he hadn't taken Mayr's Wonderful Remedy when he did, which made a well man of him." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by Coover & Shreve's East Side Drug Store and druggists everywhere.—Adv.

PITTSBURGH HOUSEWIFE

Tells How Hard Working Women May Keep Well and Strong.

Pittsburgh, Pa.—"I keep house for my husband and myself and I got into a weak, run-down, nervous condition and no appetite. I heard how Vinol helped others and tried it and it built me up so I am strong, have a good appetite and feel better in every way."—Mrs. James Croker.

The reason Vinol was so successful in Mrs. Croker's case is because it contains the very elements needed to build up a weakened, run-down system, make rich red blood and create strength. For sale by all druggists.—Adv.

and secretary. Then in March the group meetings were held and the results were very satisfactory. Each church reported its work for the first half of the year. Charts were used showing the amounts raised for Ministerial support, Benevolences, and Conference Claimants' Campaign, also the condition of the Epworth League, Sunday School, Accessions to the church and students in our church schools. The total attendance by actual count at the six group meetings was over 1,500.

Revivals.

We have tried always to sound the evangelistic note in all our work, never forgetting that the primary aim of all Christian effort is the salvation of men. Nearly every pastor has held special evangelistic services and some with very marked success. Many have had a continuous ingathering all the year as the result of personal influence of their lives among men. Passion week was observed by the District as a special and impressive season, and as a result there were many accessions to the church.

Finances.

The reports from the pastors indicate there will be no backward step in the Benevolences, but a slight advance. Our Conference Claimants' Campaign, by the most able assistance of the Field Secretary Dr. H. C. Gibbs and the loyal support of the ministers has advanced from \$7,000 at the beginning of the year to \$25,000. The Laymen seeing the need of a better support for the Pastors responded nobly and there has been an advance of \$3,800 on the salaries of the preachers during the past year, and now we have definitely set for the coming year an advance of \$4,900 with several charges promising an advance but not yet determined.

The Illinois Woman's College.

During the year one of the most pleasing events, was the celebration of the 25th anniversary of the Presidency of President Harker of the Illinois Woman's College. It can never be known until the Books are opened at the last great day, what this noble man and his devoted wife have done for Methodism and the cause of righteousness. Because they have so brought upon the lives of the young women committed to their care, that the widening influence must go on forever. It was very fitting that all of Jacksonville should unite with many from abroad in doing them honor at this time. Bishop Nicholson, Secretary Harris and many other leaders in the church honored us with their presence. Editors of church papers, college presidents, friends and former students came to do honor to President and Mrs. Harker, and all rejoiced not only in a quarter century of achievement, but in the bright prospect of the future.

The Preachers.

We have learned as never before to appreciate the brotherhood of Methodist Preachers, their loyalty and devotion. Personally we would here speak a word of commendation and appreciation of every preacher upon the Jacksonville District. Our heart has gone out to them in their joys and in their sorrows. The general health of the preachers has been good, but they have not all escaped sorrow. The mother of Joseph Halles had her home with her son at Petersburg. After a long illness, she slipped away and was not for God had taken her. Brother and Sister Anderson Orr honored among our veterans, were spending the twilight hours of their long and useful life at Roodhouse, when Sister Orr fell asleep, while her aged husband still waits this side the stream. Maurice, the oldest son of F. T. Peters, responded to his country's call, and as a soldier was rapidly winning promotion, but by an accident, while serving at Camp Americas, Georgia, he was killed. After his death his commission as sergeant was received. Special services were held at Manchester, where a great number of people came to pay tribute to the memory of our preacher's soldier boy. The following day the body was taken to the old family home in Indiana.

Conclusion.

This has indeed been a strange and trying year. Events have rushed upon us with the suddenness and stress of a storm, but thru it all we have noted a deeper faith in God, and a growing devotion to His cause. Our preachers and people have shown a devotion and patriotism that has surprised us all. Among the preachers on the Jacksonville District there is not a single drop of slacker blood, and none but true Americans. Our people stand by and back of the churches, that they may stand back of the Government. Not only the present war must be won, but our fight against all unrighteousness we shall push the battle to the gates. We will not cease our efforts until the King shall say "It is enough, come up higher."

WOODSON MEN GO TO KANSAS CITY

C. C. and J. T. Self Have Gone to Missouri City on Business — Woodson News Notes.

Woodson, Sept. 19.—C. C. and J. T. Self made a business trip to Kansas City Tuesday.

Mrs. Olive Page of Roodhouse is spending a few days with her cousin, Mrs. T. M. Whitlock and family.

Mrs. Charles Smith, daughter Dorothy, and son George, of Ashland were Sunday guests of relatives here.

Mrs. J. K. Cunningham of Mur-raville visited her son George and family Saturday.

Mrs. James McFalls of Jacksonville visited relatives near here last week.

Mr. and Mrs. Raymond Whitlock were guests of relatives near Ceres part of last week.

Mrs. L. A. Fitzsimmons who has been ill the past few weeks is improving slowly.

Mrs. George Goacher and Mrs. H. N. Goacher of White Hall came Saturday for a visit with Mr. and Edward Gallagher. The latter returned home Monday. The former remained a few days, returning home Wednesday afternoon.

Rev. and Mrs. W. H. Oldham and little son visited the city Tuesday.

Rev. Alec Cunningham who is enjoying a year's furlough as a missionary in China, delivered a fine address Sunday morning and evening at the Presbyterian church. His estimable wife who is also a missionary, gave a fine talk to the ladies of the Missionary societies Saturday afternoon. It is indeed a pleasure to have them come to us with such a wonderful message and to know of the good work they have done the past 28 years of their missionary life.

Mrs. Elmer Orris was a business visitor in Jacksonville Tuesday.

Martin Russel formerly of Bloomington is spending a few weeks with his mother, Mrs. Virginia Russel. He is expecting to be called into service soon. His wife, who will be remembered as Miss Mary Nicol, is teaching in the third ward school in Jacksonville.

Why Putter With Corns? Use "Gets-It"

Common-Sense, Simple, Never Fails.

You can tear out your corns and soothe or you can peel off your corns and smile. The joy-peeling way is the "Gets-It" way. It is the only happy, painless way in the world. Two drops

"Get the Drop" on That Corn—Use "Gets-It" and the Corn is a "Goner!"

of "Gets-It" on any corn or callus dries at once. The corn finally loosens off from the toe, so that you can peel it off with your fingers in one piece, painlessly, like peeling a banana. "Great stuff, wish I'd done that before." There's only one corn-peeler—"Gets-It." Toes wrapped up big with tape and bandages, toes squirming from irritating salves, it's all a barbarity. Toes wounded by razors and knives, that's butchery, ridiculous, unnecessary, dangerous. Use "Gets-It," the liberty way—simple, painless, always sure. Take no chances. Get "Gets-It." Don't be insulted by imitations. See that you get "Gets-It."

"Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Made by E. Lawrence & Co., Chicago, Ill.

Sold in Jacksonville and recommended as the world's best corn remedy by Armstrong's Drug Stores and Luly-Davis Drug Co.

Food's part in winning this war is showing great results. Let's press our advantage! SAVE WHEAT, MEAT and SUGAR!

Two Hundred Pairs of Hands
to Make a Pair of

Walk-Over SHOES

Each pair of hands is controlled by a brain. Brain and hand trained to making shoes to fit—to putting first-day-satisfaction into Walk-Over shoes—that is the service the Walk-Over factories give you.

Walk-Over Boot Shops everywhere offer you a further extension of that service. We carry a stock large enough to make a satisfactory fit a simple, easy matter.

The satisfaction that our customers have learned to take as a matter of course is really the result of years of specialization and co-operation between Walk-Over Shop and Walk-Over factory.

MR. CALDWELL RETURNS TO KELLY FIELD

Eugene E. Caldwell who has been enjoying a furlough of a few days has returned to his command at Kelly Field, San Antonio, Texas. His wife went as far as St. Louis with him and then returned to Jacksonville but means to join him later on.

Miss Wylia Palmer was one of the city's guests from Beardstown yesterday.

Roy Heaton of Lynnville was one of the travelers to the city yesterday.

Mrs. Oliver Woodall of Winchester had occasion to visit the city yesterday.

Georgia Hamilton of the vicinity of Scott county's capital was among the callers in the city yesterday.

Mrs. Charles Thomason of Mercedosa was a caller on city friends yesterday.

Miss Ada Schult of Beardstown was one of the travelers to the city yesterday.

ANNUAL POULTRY SHOW NOV. 18TH TO 25TH

More Poultry Being Raised in Morgan County Than Ever Before—Farmers are Raising Better Chickens than Formerly.

"Will Morgan County have a poultry show this winter?" is a question that is often asked the secretary of the local association. His reply is yes and it will be a good one for there is enough good poultry being raised in Morgan county to make an exhibit that would fill Armory Hall or Zahn's Garage to the limit.

The poultry situation in the county at this time is far better than it was one year ago, while not so much is being raised in the town the farmers have doubled and tripled their flocks and it is of a better grade than they have ever bred before. With fowls and eggs selling at a good price they can well afford to do this as the poultry is making them a nice profit and at the same time they are helping the government with meat production.

Improvements in Flocks.

Wonderful improvements have been made in local flocks during the past few years and now the mixed flocks are few and far between, at one time anything that wore feathers satisfied the farmer but that is a day that is about past. He now wants the best and he has it for he has learned the difference between the pure bred and the mixed fowl.

At one time the farmer would walk thru a poultry show and look the birds over and would leave saying "That they were too rich for his blood," but now he comes in and spends his money like a drunken sailor. The best is none too good for him.

While Morgan county will have a show it is a little too early to announce the prizes but they will be just as good as ever and a little better. No trophy cups will be awarded the winners but good awards will be given and the leading winners can rest assured that the prizes will be well worth working for.

The premium list will be off the press about the first of October and will be a neat little affair without any advertising and a credit to any association in the country. This list will contain a full list of the awards offered and a directory of the members in good standing. The government is asking all associations to hold poultry shows this season as will be seen from the following letter received by Mr. Weber, secretary of the local association.

Urges Holding Shows.

In regard to poultry exhibitions, it is our belief that their existence and encouragement is especially justified during the present emergency. It has always been the breeders of exhibition fowls who have been the leaders in promoting the welfare of the poultry industry, and these men have been especially willing to give of their time and effort at the present time in working with the Department for increased production. The poultry shows themselves afford an opportunity for interesting individuals in poultry keeping and have served as effective centers from which to launch and to extend our campaign.

You will, therefore, be in position to state and to state emphatically should the occasion arise, that the U. S. Department of Agriculture encourages and advocates the use of standard bred poultry; is in favor of poultry shows, and is ready and eager to help poultry keepers in any way possible, no matter what the size of their flock.

You are further urged to give the department's attitude on these questions the greatest possible publicity.

PEACH STONE DAY AT DAVID PRINCE SCHOOL

Great Enthusiasm and Patriotic Spirit With a Grand Total of 2077 Pounds for Soldiers' Gas Masks.

The patriotism of Jacksonville public school pupils has been admirably demonstrated by the results of peach stone gathering in the David Prince school. Miss White promised the young people a happy surprise and it came in the shape of that ever welcome gentleman, Rev. W. E. Collins, who led the school in a series of patriotic songs sung with a will, sometimes by boys alone; sometimes by girls alone and sometimes by all. Such familiar verses as "Keep the Home Fires Burning," "Over There," "Smile, Smile, Smile," "Katy" and other well known songs. Then the song, "Pack Your Troubles in Your Kit" was changed to "Pack Your Peach-Stones in Your Kit" much to the satisfaction of all.

All manner of means were used in collecting the stones. Families were solicited and responded kindly; dooryards were raked and stones were collected from every possible source. Mr. Roberts of the Moore Rug company loaned his scales and they were placed in the gymnasium for weighing which was done while athletic exercises were going on. The 7th and 8th grades were each divided into sections each under the leadership of a teacher and all the teachers worked with a will and did much to inspire the children in the good work. The nuts were brought in baskets and sacks; on wheel barrows and all sorts of ways and one man helped his son with the heavy load collected.

The highest single offering was 65 pounds. The winning sections were as follows:

Seventh Grade.
No. 10, Miss Mason teacher, 14.47 lbs. average per pupil.
No. 6, Miss Gunn teacher, 11.93 lbs. average per pupil.

Eighth Grade.
Section 6, Miss Long teacher, 10 lbs. average per pupil.

Totals.
Seventh grade 1263 lbs.
Eighth grade 814 lbs.

Total 2077 lbs.
This will be enough for 300 masks which will be no small contribution and if all the schools in the state do as well the result will be tremendous.

The junior high school brought in an average of eight lbs. per pupil.

DR. STEWART MCKINNEY HERE

Many persons in the city and former students of Illinois college will pleasantly remember Stewart McKinney, son of Squire and Mrs. F. P. McKinney. The gentleman went to Minneapolis where he began successfully the practice of medicine and also took to himself a charming wife. He entered the service of his country and is now a first lieutenant in the medical corps and is on his way under orders to Fort Riley, Kansas. His wife is here for the present but expects to go to him when he is settled. The gentleman met a number of his former friends and some college mates while in the city yesterday and enjoyed the day here very much.

INVESTIGATING CHOLERA REPORT

M. G. Huggins of the department of agriculture came to Morgan county yesterday and in company with G. B. Kendall, county advisor, visited a farm in the eastern part of the county where the existence of hog cholera is suspected. This is the season when this disease is prevalent and the department of agriculture is asking that farmers immediately report the first evidences of the disease. It is always advisable to combat this disease but especially true this year when the war demand for pork is so heavy. Charles Atkins, director of agriculture, in a recent statement with reference to hog cholera and urging prompt action in reporting cases, said:

"This is the season of the year when hog cholera is most prevalent. Hog raisers should report the first evidence of disease to Dr. James McDonald, Springfield, Ill., who has charge of a number of government veterinarians located in various parts of the state and employed to assist in the control of contagious diseases. The prompt co-operation of the farmers with Doctor McDonald is a patriotic duty. It will reduce hog losses to a minimum and will make hog raising (so essential in war times) one of our safest industries."

BUSINESS MOVING AT M. E. CONFERENCE

Bishop Leete Believes in Speedy Work—Fewer Changes and Promotions Than Usual—Bloomington Asks for Conference Next Year.

(Special to the Journal)
Quincy, Ill., Sept. 19.—Bishop Leete is exhibiting an example of promptness and speed in the administration of the business affairs of the conference that is quite refreshing. It explains how he can have so much time for his Parliament of Methods, set for the first half hour of the session in the morning, and can give another half hour at noon to devotional exercises, of an inspirational and instructive character.

Chaddock School for Boys.
In Quincy there is a unique thing in connection with, what is known in most college towns as "Town and Gown." In other words, the relation of the citizens of a place to the educational institutions of that place, is made vital and kindly reciprocal by an organization of a helpful nature known as the Ladies' Aid society. About one hundred most prominent women, of all churches, are united together to help in things social and financial at Chaddock.

Wednesday afternoon a picnic supper was given on the beautiful lawn of Chaddock School for Boys, to the members of the conference, by the Chaddock Ladies' Aid society. Fifty automobiles were arranged at the church where the conference is held, and were soon filled, at the conclusion of the afternoon session and whirled away to that institution, some two miles distant.

The cafeteria plan of service was observed, and the sixty-five uniformed lads of the school, aided the ladies in every possible way to make the service complete and comfortable. The sight of fried chicken, sandwiches, coffee and cake, brick-shaped ice cream, in generous slices, at the table of the guest, spread under the trees of the ground was appetizing.

The drill of the cadets, the solemn stately lowering of the flag, the enthusiastic singing of the boys was greatly appreciated by the ministers. Bishop Leete made a brief address along lines of congratulation and exhortation, introducing the boys of the school to the "boys" of the conference, and by several apt illustrations, at once established a happy association between the two groups. It was an appreciated event. Inspection of the group building for housing the lads concluded the program.

Changes and Promotions

The bishop has held three sessions with his cabinet, and he has already announced that this is not a good time to move. Neither should the preachers expect promotions. For while there have been several changes in the pulp supply of the conference during the year as men move out to war activities, other men have moved in. Nevertheless there will be some changes and these will necessitate others.

Few churches there are (and yet they are few) that have not made an advance in the number of dollars to be applied to salaries. And while this has made a more satisfactory relation between people and preachers, there is still going on a gradual advance in the cost of things and the pay roll does not equal by fifty per cent the sum in dollars required to meet the increasing cost of living. Not alone in the military service, have sacrifices been made, there are sacrifices at home, as well, but without the peril of the front line or the distant camp.

Next Conference

So far only one place has been mentioned as being prepared to invite the conference next year. It is to also be the quadrennial lay conference. Rev. A. K. Byrns of First Church, Bloomington, comes with a united church, and university as well as a public invitation to the conference to hold its 96th session in that city. There is a general spirit of gratification at this action on account of the more central location for the meeting.
